

Kidzone Mission/ Philosophy

Our Mission

Kidzone will provide childcare in an environment where children will engage in value based, developmentally appropriate, and fun activities that help them develop physically, intellectually, emotionally, and socially.

Our Philosophy

Program philosophy emphasizes value based, child initiated learning within a culturally diverse community. Kidzone will use a learning center approach. Children choose the activities that interest them, manipulate the materials available in the center, and become the architects of their own learning. Our learning center approach will allow the children to interact with one another, aiding in the creation of new ideas and new questions. By offering variety, we will ensure each child's style of learning will be accommodated each day.

"My husband and I would recommend Kidzone as a good place for quality childcare to anyone. Our son has enjoyed attending Kidzone he began care at 4 months old and is now 3 years old. Our son has made many friends at Kidzone. This has been, in part, attributed to the sincere guidance of the quality staff."

A child's play is his work.
Play is the way a child learns best.

Kidzone Programs

The Infant Program (newborn-1yr)

We provide a fun new learning environment for our youngest children to explore. They will discover the world around them through books, music, play, outside activities, art, and fun. The curriculum in this room is age appropriate for their needs.

The Toddler Program(1yr-3yr)

This is our transition room for our little ones. This room will get them ready to enter into our preschool program at two and nine months old. The environment will continue to allow them to explore more and more things around them with the help of our teachers. They will be introduced to colors and shapes in a fun and creative way. We will introduce potty training in this room in conjunction with our families.

The Preschool Program (3yr-5yr)

This Program is a full extensive curriculum that will prepare our children for Kindergarten. This classroom will have an educational theme each

Drop In Service and B/A School Program (6yr-12yr)

This program will provide an environment where they can relax, socialize, and continue to learn. The teachers will provide help with homework and provide a structured environment that the children feel comfortable.

Kidz on Kampus Program (6yr-12Yr)

We have a summer camps that involve Girl and Boy Scouting and on campus activities with weekly field trips in the community. It offers educational curriculum that will be fun. The children will receive pins and try its through scouting throughout the summer. They will gain confidence, new friends, and learn good values of helping others. And end of the summer we have a traditional scouting ceremony were the children will receive their awards and the whole family will be there to celebrate with them!

Our Kidzone Centers

Kidzone was founded in January 2000 and now operates 2 centers both located inside of Lake Michigan College in South Haven, and Benton Harbor. We serve over 200 children between the ages of Newborn through 12 years. Kidzone Centers are open throughout the year, generally Monday through Friday from 6:00 a.m. to 6:00 p.m. Night Care is available September – May, M-Th from 6-10pm depending on enrollment. We offer care for Students, Faculty of LMC, and the Community at large.

Our Kidzone Staff

Our caregivers are nurturing, loving professionals who are trained in health, safety and education. Staff receives 18 hours of Kidzone Orientation with a Lead Teacher and 16 hours of ongoing trainings throughout the year. We offer developmentally appropriate learning in an environment that's engaging and fun for little one of all ages.
